Re: Site Planning Site Development

To Whom It May Concern:

I am writing this letter to not only endorse, but also highly recommend, Site Planning Site Development.

As a Community Association Manager in North Texas, I've had the opportunity to work with many landscape companies. In my experience, none of them has risen to the level of service provided by SPSPD.

Hollyhock is a complex and difficult project, which requires not only a high level of skill, but also a high level of responsiveness. SPSPD has exceeded my expectations. The community looks as good now as it ever has. Our Account Manager, Jim, is the most responsive contractor I have in my four communities. Not just the most responsive landscape contractor, but the most responsive contractor overall.

Working with SPSPD has been a truly great experience and I'm confident that your experience will be just as great as ours. If you require further information, or have questions, please feel free to contact me at jmayes@ccmcnet.com

Sincerely,
Jeremy Mayes
